I asked Kimi and she didn't indicate a time, just that it should be started on soon as it will take time to finish it.

Jean,

This looks good. I notice that the italics in II.b. isn't in blue font like the rest. Have you followed up with Kimi and/or Valois re: the new schedule? I think we should add some info on that and then I'll send this around (to managers) to confirm that we're all on the same page.

Thanks,
Corbin

Please find the Dewey Burdock outline for additional EJ Analysis. This document shows who is responsible for what sections. Let me know if you have questions or anything further should be added. Thanks
